Dear fellow author and publisher:

Enclosed is the first issue of a new magazine --- Conspiracies Unlimited. I hope to make it a quarterly publication that serves as an informal clearing-house for all the conspiracy research being done today.

Of course I would appreciate receiving a subscription from you ($2/yr)--- but even more valuable to me and to fellow researchers would be any publicity that you could give our magazine. Please feel free to reprint any article, and to mention our address and prices; or perhaps just pass on this issue to a staff writer who may be interested.

Thank you very much,
Robert S. Hertz
